To kick start Autism Awareness Month, we are organizing the first-ever Our Autism Journey - Better Together Event and Ceremonial Walk on April 13, 2024. We anticipate over 2,000 people to attend this unique community event. Our goal is to provide a fun and sensory friendly space for all, promote acceptance, advocacy, education, and support for people with Autism and their families. We also want to raise funds for future events and to help bring new resources to the community.

## We Are Looking For Partners!

We need community partners to help organize sensory friendly experiences while informing families of services, resources, and opportunities that are available in our local community.

There is no booth fee! This is not a typical booth or exhibit, instead we are hoping you will partner with us to create this unique experience for our community. Check out the QR code for more information. We will be in touch to answer all of your questions and talk about our vision for our community.
